

DISCUSSION ON  
CHURCH UNIONClosing Day of the National  
Episcopal Congress Preves  
Most Interesting.

PLAN OF REV. DR. OBERLY

BISHOP DOANE PESSIMISTIC AS  
REGARDS CHRISTIAN UNITY.

Boston, May 14.—The closing day of the National Episcopal congress was regarded as the most notable of the week. The list of speakers included the Right Rev. William Croswell Doane, bishop of Albany, N. Y.; the Rev. Dr. H. H. Oberly, known throughout the Anglican world as one of the leaders of the so-called radical broad churchmen, and Joseph H. Barry, rector-elect of the church of St. Mary the Virgin, New York, a leader of the high church element.

Plan of Union.

Rev. Dr. H. H. Oberly of Elizabeth, N. J., outlined a plan of union based upon the following terms: Each denomination to retain temporarily its independent existence, governed by its own laws and officers, subject to the bishop of the diocese as president, and having the sole right of ordination and confirmation. Each denomination to use the sacramental form and repeat the creeds publicly, in other respects to be free as to forms of worship. Ministers to be recognized as holding a ministerial office and as possessing the priesthood supplementing what powers they already possess and making them "priests of the church of God."

Not in This World.

The Right Rev. W. Croswell Doane, bishop of Albany, N. Y., declared: "The day of a unity that involves uniformity as to obliterate all differences of religious opinion, or expression of feeling, seems not likely to be realized in this world."

"Which that our eyes were turned more, as they used to be, toward the Catholic movement in Europe, and I do think it is our bounden duty to take steps toward reconciling the reformed church in America."

The union discussed at the congress today is designed to be interdenominational, to include all branches of Christianity.

## TWO DREW JAIL SENTENCES

Men Found Guilty of Violating Anti-  
Trust Law May Be Compelled to  
Peek Through Prison Bars.

Savannah, Ga., May 14.—Judge William B. Shepard this afternoon sentenced five men found guilty of violating the Sherman anti-trust law in the naval stores cases. Spencer P. Shottler, chairman of the board of directors of the American Naval Stores company, was sentenced to pay a fine of \$5,000, Edmund Edwards, vice president of the company, was fined \$3,000; J. P. Cooper Meyer, vice president of the American company, and president of the National Telephone and Terminal company, was sentenced to three months in jail and to pay a fine of \$2,000.

## CASE DISMISSED.

Boston, May 14.—Bankruptcy proceedings against the Boston and Oaxaca Mining company were dismissed today on the ground that the appointment of a receiver by the federal court at Pierre, S. D., last January, was for the purpose of protecting minority stockholders. The petition for bankruptcy was brought by three Boston banking companies.

CHARGED WITH  
CROOKED WORKThree Weighers Recently Dis-  
missed by Collector Loeb  
Under Arrest.

New York, May 14.—Three of the government weighers recently dismissed by Collector Loeb were arrested today, together with the members of the two importing firms who are alleged to have conspired with the weighers to secure the entry of false and cheese imports at less than actual weights.

New York, May 14.—A statement commending the work of the collector of the port in reorganizing the customs force here and declaring the intention of the department to give every support was made today by Secretary of the Treasury Franklin MacVeagh following a conference with Collector Loeb.

Mr. MacVeagh said: "Mr. Loeb is free to carry on whatever revision is necessary, and it is the more easy for him to act with a free hand in protecting the interests of the government because he has the choice of the president for this important office."

Secretary MacVeagh referred to the condition of the national finances, stating that it now appeared probable that the deficit for the current fiscal year would exceed \$100,000,000. It should not be lost sight of, however, the secretary added, that owing to the process of financing payments for the Panama canal, the deficit was in reality only about \$75,000,000, because money advanced for the construction of the canal was due the treasury, which was to be reimbursed by the proceeds of a bond issue.
